B Hompe correction complaint examiner

Made a recommendation that my complaint be dismissed without investigating the facts stated. Causing the plaintiff to suffer chronic pain. The plaintiff entered Milwaukee secure detention facility on October 25 2016 complaining of chronic pain from dental issues, and the fact that on April-26 of 2017 the plaintiff was seen gave an examination/treatment, but no treatment was given to the

plaintiff as stated by B Hompe. Clearly the plaintiff is being denied treatment, and the Milwaukee secure detention facility staff have lied. Leaving the plaintiff to suffer chronic pain. See Exhibit 4

C Odonnel accepted, and review the complaint dismissing knowing that the decision was made off the I.C.E which the plaintiff appeal, but the fact that no investigation was done cause the plaintiff to suffer chronic pain do to the untreated dental needs.

Advised the plaintiff Mr.Beiersdorf to resubmit a dental service request, but if the same two dental staff members determine the evaluation. That would give the plaintiff Mr.Beiersdorf the same results leaving the plaintiff to suffer chronic pain.
